

drinking water. We have very limited water supplies in the West, and we need every tool in the water toolbox to help meet our water supply needs. This and similar legislation before us today will help stretch our supplies to meet the growing needs of our communities.

I urge my colleagues to support this legislation.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Ms. BORDALLO. Mr. Speaker, I again urge Members to support this very important bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Guam (Ms. BORDALLO) that the House suspend the rules and pass the bill, H.R. 2265.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

RAISING FEDERAL COST SHARE OF CALLEGUAS WATER DISTRICT RECYCLING PROJECT

Ms. BORDALLO. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2522) to raise the ceiling on the Federal share of the cost of the Calleguas Municipal Water District Recycling Project, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 2522

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 1631(d) of the Reclamation Wastewater and Groundwater Study and Facilities Act (43 U.S.C. 390h-13(d)) is amended—

(1) in paragraph (1) by striking “paragraph (2)” and inserting “paragraphs (2) and (3)”; and

(2) by adding at the end the following:

“(3) In the case of the Calleguas Municipal Water District Recycling Project authorized by section 1616, the Federal share of the cost of the Project may not exceed the sum determined by adding—

“(A) the amount that applies to the Project under paragraph (1); and

“(B) \$40,000,000.”.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Guam (Ms. BORDALLO) and the gentleman from Utah (Mr. CHAFFETZ) each will control 20 minutes.

The Chair recognizes the gentlewoman from Guam.

GENERAL LEAVE

Ms. BORDALLO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the resolution under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Guam?

There was no objection.

Ms. BORDALLO. Mr. Speaker, I yield myself such time as I may consume.

H.R. 2522, introduced by our colleague Representative ELTON GALLEGLY, would raise the existing authorization ceiling to authorize funds for phases 2 and 3 of the Calleguas Municipal Water District Recycling Project. When these phases are completed, it is expected that the project will produce 43,000 acre-feet of water annually.

At a time when reported water is unreliable, the title XVI water recycling program is a tool that communities can use to create a reliable local supply to meet all of the future demands.

I ask my colleagues to support passage of this legislation.

Mr. Speaker, I reserve the balance of my time.

Mr. CHAFFETZ. Mr. Speaker, I yield myself such time as I may consume.

I rise today to support H.R. 2522, legislation introduced by my Natural Resources Committee colleague, ELTON GALLEGLY, and cosponsored by Congresswoman LOIS CAPPS.

This legislation extends limited Federal participation in the Calleguas Municipal Water District Water Recycling Project. This project is already underway to help over 600,000 water consumers with their water supply needs by recycling wastewater. The residents of the region are entirely dependent on imported water, and this bill will help alleviate that dependence by extending the Federal financial cap on the project.

Because he's flying back to Washington, DC, from his California district, Congressman GALLEGLY is unable to be here for debate on this bill; therefore, his statement will be included in the RECORD.

I urge my colleagues to support this bipartisan legislation.

Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. GALLEGLY. Mr. Speaker, I would like to express my strong support for H.R. 2522, which is a bill introduced earlier this year that would raise the ceiling on the Federal share of the cost of completing the Calleguas Municipal Water District Recycling Project.

I believe most of the country knows about the water shortage plaguing the state of California. In my district, maintaining adequate water supplies has also become increasingly problematic, especially as the traditional sources of imported water have become unreliable. For this reason, I introduced H.R. 2522, which will assist the Calleguas Municipal Water District with the development of new water sources.

Specifically, this legislation would authorize an additional \$40 million in funding for the Bureau of Reclamation to support the completion of a salinity management pipeline, also known as a brine line. This pipeline will collect salty water generated by desalting facilities and excess recycled water and then transport that water for reuse elsewhere. The result will be both improved water quality and an enhanced supply of local groundwater.

The increased use of recycled water will expand the water available for approximately 600,000 of my constituents and, at the same

time, reduce dependence on water from the sensitive Bay-Delta ecosystem. In an era of drought and water shortages throughout California, local water districts need to do all they can to reduce their dependence on increasingly scarce supplies of imported water.

I want to thank Chairman RAHALL and Ranking Member HASTINGS, along with their staffs, for their assistance with moving this important legislation.

Ms. BORDALLO. Mr. Speaker, I again urge Members to support this bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Guam (Ms. BORDALLO) that the House suspend the rules and pass the bill, H.R. 2522.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

AUTHORIZING INTERIOR DEPARTMENT PARTICIPATION IN OREGON WATER RECYCLING PROJECT

Ms. BORDALLO. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2741) to amend the Reclamation Wastewater and Groundwater Study and Facilities Act to authorize the Secretary of the Interior to participate in the City of Hermiston, Oregon, water recycling and reuse project, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 2741

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. PROJECT AUTHORIZATION.

(a) IN GENERAL.—The Reclamation Wastewater and Groundwater Study and Facilities Act (Public Law 102-575, title XVI; 43 U.S.C. 390h et seq.) is amended by inserting after section 16 the following:

“SEC. 16. CITY OF HERMISTON, OREGON, WATER RECYCLING AND REUSE PROJECT.

“(a) AUTHORIZATION.—The Secretary, in cooperation with the City of Hermiston, Oregon, is authorized to participate in the design, planning, and construction of permanent facilities to reclaim and reuse water in the City of Hermiston, Oregon.

“(b) COST SHARE.—The Federal share of the costs of the project described in subsection (a) shall not exceed 25 percent of the total cost.

“(c) LIMITATION.—The Secretary shall not provide funds for the operation and maintenance of the project described in subsection (a).”.

(b) CLERICAL AMENDMENT.—The table of sections in section 2 of the Reclamation Projects Authorization and Adjustment Act of 1992 is amended by inserting after the item relating to section 16 the following: “Sec. 16. City of Hermiston, Oregon, water recycling and reuse project.”.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Guam (Ms. BORDALLO) and the gentleman from Utah (Mr. CHAFFETZ) each will control 20 minutes.
